

# GEORGII SHYRIAIEV

---

## PROFILE

Hi there!

Let me offer my candidacy front-end developer. I have commercial experience in a web studio. I am well versed in layout and implement different animations. At work I use the SASS preprocessor, BEM methodology (*naming*) and GULP. I know how to work with async code and REST API.

Looking for remotely part-time work  
Ready to complete the test task and talk.
